

#10 Tuesday	9/29	Chap. 9	LC1:1,2:LC2:1; E-of-CP:4,6,8,12,14,16.
----------------	------	---------	---

LC:1:

- 1.Normality, random sampling, independence, and equal variances
- 2.The estimated standard error for the difference

LC2:

- 1.Pooled sample std dev

E-of-cp:

- 4.the less that scores overlap, the more different that they are and vice versa
- 6.cohen's d, eta-squared, omega-squared
- 8.pooled sample variance
- 12.a)25
b)28
c)44
- 14.a)decrease b) increase d) no effect
- 16.a) increase b)no effect d)decrease
